October 01, 2004	March 31, 2005	Junior House Officer, General Medicine North Medical Ward, Mayo Hospital, Lahore PAKISTAN.

PROFESSIONAL COMPETENCE

While working at various Positions initially in Urology since 2009, I have gained a lot of professional competence and can perform the following procedures safely. I have plenty of experience dealing with stone patients while working in Pakistan and as a middle grade in UK, However as a consultant my main interest is **Laparoscopic and Robotic upper tract, Endo urology and complex upper tract open surgeries.** I also regularly do general urology lists both day cases and inpatients list

A. EMERGENCY UROLOGICAL PROCEDURES
Able to do all urological Emergencies competently and safely
B. DAY CASE UROLOGICAL PROCEDURES - INDEPENDENTLY
GA Cystoscopy and Bladder Biopsy Cystodiathermy Resection of Small Bladder Tumor Optical Urethrotomy Urethral Dilatation Bladder Neck Incision Circumcision Penile biopsy Dorsal Slit for Phimosis Hydrocelectomy Haematuria clinic and diagnostic Flexible Cystoscopies TRUS guided Prostatic Biopsies

C. ELECTIVE UROLOGICAL PROCEDURES

Can do most of Elective urological procedures except complex pelvic oncological surgeries such as radical prostatectomies or cystectomies. Few Examples are below

TURP for Enlarged Prostate

TURBT for Bladder Tumor

Ureteroscopy and LASER

OPEN Nephrectomies for complex renal tumour, not suitable for laparoscopic removal (doing independently)

Percutaneous Nephrolithotomy (not done for almost 3 years)

Laparoscopic Radical/Simple Nephrectomy (minimal supervision/assistance required from senior colleague)

Laparoscopic Nephroureterectomy for upper tract TCC

Robotic radical/simple Nephrectomy

Open Vesicolithotomy for big +++++ bladder stones

➤ SUBMITTED ARTICLES

THE FOLLOWING ARTICLES HAVE BEEN SUBMITTED TO VARIOUS JOURNALS AND ARE IN THE PROCESS OF PUBLICATION

1. Early Vs Late Removal of Catheter after TURP, outcome and Cost effectiveness.
2. The role of stone cone during ureteroscopic lithotripsy (URS) for the treatment of proximal ureteral calculi.
3. Outcome of Augmentation Cystoplasty in Pediatric Age Group with Neurogenic Bladder.

➤ SYNOPSIS AND DISSERTATION

- ❖ Efficacy of Percutaneous Nephrolithotomy for the treatment of renal stones larger than 2.5 cm.

➤ AUDIT WORK

- ❖ Annual Audit (2011) of Ureterscopic lithotripsies performed at Institute Of Kidney Diseases Hayatabad Medical Complex Peshawar.

- ❖ Annual (2010) audit of percutaneous nephrolithotomies performed at Institute Of Kidney Diseases Hayatabad Medical Complex Peshawar.
- ❖ Monthly & Annual Audit of All Surgical Patients Admitted In Surgical“A” Unit Khyber Teaching Hospital Peshawar.
- ❖ Audit of Laparoscopic Cholecystectomy Done In Surgical “A” Unit. Khyber Teaching Hospital Peshawar.

COURSES AND WORKSHOPS

DATE	NAME OF COURSE/WORKSHOP	VANUE
June 7, 2012	Comprehensive Endourology Workshop	College of Physicians & Surgeons Pakistan and WHO collaboration centre, Peshawar Pakistan.
September 10, 2011	Hand On Training workshop URS and LASER	1 st Meeting EAU Section of Urolithiasis (EULIS 2011), London United Kingdom
September 08, 2011	Hand On Training workshop PCNL	1 st Meeting EAU Section of Urolithiasis (EULIS 2011), London United Kingdom
March 7-8, 2011	Medical writings Workshop	Khyber Medical University, Peshawar, Pakistan
November 14, 2010	Percutaneous Nephrolithotomy (Hand on Training Workshop)	Agha Khan University Hospital Karachi, Pakistan.
November 14, 2010	Basic Laparoscopic Skill (Hand on Training Workshop)	Agha Khan University Hospital Karachi, Pakistan.
November 13, 2010	Flexible and Rigid Ureterscopy (Hand on Training Workshop)	Agha Khan University Hospital Karachi, Pakistan.
November 13, 2010	Management of Stress Urinary Incontinence (Hand on Training Workshop)	Agha Khan University Hospital Karachi, Pakistan.
May 31, 2010	Basic course for Diabetic Foot Care	National Diabetic foot-care programme, Pakistan, at PGMI Peshawar.
November 15, 2009	Surgical Nutrition Therapy Workshop	International Surgical Conference (SURGICON 2008) in collaboration with Abbot Laboratories Pakistan.
November 10-12, 2009	ATLS & Primary Trauma Care Workshop	King Edward Medical University Lahore & ATLS, England jointly.
October 13-17, 2009	Bio Statistics & Research Methodology Workshop	College of Physicians & Surgeons Pakistan and WHO collaboration centre, Peshawar Pakistan.
June 1-3, 2009	Primary Surgical Skills Workshop	College of Physicians & Surgeons Pakistan and WHO collaboration centre, Peshawar Pakistan.
April 8-10, 2009	Communication Skills Workshop	College of Physicians & Surgeons Pakistan and WHO collaboration centre, Peshawar Pakistan

CONFERENCES ATTENDED

DATE	NAME OF CONFERENCE	VENUE & ORGANIZORS
March 21-23	International Urological Conference (UROCON 2014)	Pakistan Association of Urological Surgeons (PAUS), Karachi Pakistan
June 8, 2012	CPSP Golden Jubilee Scientific Program	College of Physicians & Surgeons Pakistan Regional Centre Peshawar.
April 20 - 22, 2012	International Urological Conference (UROCON 2012)	Pakistan Association of Urological Surgeons (PAUS), Lahore Pakistan
September 7-10, 2011	1st Meeting EAU Section of Urolithiasis (EULIS 2011)	European Association of Urologist (Urolithiasis Section) London, United Kingdom
April 1-3, 2011	International Urological Conference (UROCON 2011)	Pakistan Association of Urological Surgeons (PAUS), Karachi Pakistan
January 6-8, 2011	2nd Scientific Symposium	Khyber Medical University, Peshawar Pakistan
March 21-23, 2010	International Urological Conference (UROCON 2010)	Pakistan Association of Urological Surgeons (PAUS), Karachi Pakistan
November 13-15, 2009	2nd International Urology Update & Endourology Seminar	Aga Khan University Karachi Pakistan
November 14-16, 2009	12th Biennial International Surgical Conference (SURGICON 2008)	Society of Surgeons Pakistan, Lahore
October 23-26, 2008	6th SIUT International Symposium of Urology, Nephrology & Transplant	Sindh Institute of Urology and Transplantation (SIUT), Karachi Pakistan

PRESENTATIONS AT NATIONAL AND INTERNATIONAL CONFERENCES

- **Updated Results of Totally ultrasound guided Percutaneous Nephrolithotomy: A novel technique.**
College of Physicians & Surgeons Pakistan, Golden Jubilee Scientific Program, Organized by CPSP Regional Centre Peshawar.
- **The Effect of Pre-Emptive Bupicaine Infiltration of the Nephrostomy Tract in Patients undergoing PCNL – A Randomized Control Trial.**
Presented at International Urology Conference (UROCON 2012), Lahore Pakistan, 20 - 22th April 2011.
- **Totally ultrasound guided Percutaneous Nephrolithotomy: A novel technique.**
1st Meeting of EAU section of Urolithiasis, EULIS 2011, London United Kingdom, September 2011.
- **The role of stone cone during ureteroscopic lithotripsy (URS) for the treatment of proximal ureteral calculi.**
1st Meeting of EAU section of Urolithiasis, EULIS 2011, London United Kingdom, September 2011.
- **The role of Clean intermittent self catheterization in the prevention urethral stricture recurrence**
Presented at International Urology Conference (UROCON 2011), Karachi Pakistan, April 2011.
- **Percutaneous Nephrolithotomy for the treatment of staghorn renal calculi.**
Presented at 2nd Scientific Symposium arranged by Khyber Medical University Peshawar, January 2011
- **Outcome of Augmentation Cystoplasty in Pediatric Age Group with Neurogenic Bladder**
Presented at International Urology Conference (UROCON 2010), Karachi Pakistan, March, 2010.
- **PCNL: An Experience in Institute of Kidney Diseases HMC Peshawar.**
Presented at 2nd International Urology Update and Endourology Seminar arranged by Aga Khan University Karachi, Pakistan, November 2009.

IT SKILLS

Proficient in the use of the following programs

Microsoft Word	Microsoft Excel	Microsoft PowerPoint	NHS – UK Software
